

100-foot folding container for emergency command

Overview

Model C-100 is designed for emergency use such as rehab, triage, command, community events, and field workspace. It requires only one person to setup and is easy to reposition after deployment. It comes equipped with an adjustable neoprene connector sleeve that will accommodate. Members receive first-in-line access to deployable FORTS® assets, enabling predictable planning during emergencies, renovations, or system outages. What is a mobile. HDT's Base-X® articulating frame shelters range in size from personal tents to Corps-level complexes. Base-X shelters support Base Camp, Command and Control (C2), Aircraft and Vehicle Maintenance, Medical, Chemical/Biological and Decontamination, and Industrial applications. These portable structures can be fitted with energy-efficient insulated walls and ceilings, full. Ready America customizes and delivers Emergency Response & Disaster Relief Containers nationwide.
