

200mw power plant

All-in-one Integrated Stackable Energy Storage System

20Kwh

30Kwh

Overview

The Ohio Power Siting Board has approved construction of a 200 MW natural gas-fired power plant in New Albany, Ohio. Click the button to navigate back to the homepage. So what does a 200 MW capacity power plant mean?

Does it mean it generates 200 MJ of energy in one second?

I have also read it can mean 200 MW of power in any time, 1 minute or 1 hour. The 200-megawatt (MW) Socrates South Power Generation Project is to be built and operated by Will-Power OH, a subsidiary of The Williams Companies.
