

# 220V Communication Power Supply Cabinet

## Overview

---

Indoor (external) type integrated cabinet, realizing multi-level modular design. Modular switching power supply, dynamic loop monitoring unit, fiber optic wiring unit, and battery backup unit can be integrated in one cabinet. It provides stable and reliable power protection. The indoor Frame-Based Power Cabinet (FPC) family is designed for flexibility, modular assembly and multi-cabinet installations, with or without back up batteries enabling multifunctional use. These systems supply the necessary energy to keep telecom equipment running, even during power outages.
