

220v to 13 8v voltage stabilizing inverter

Overview

This product applies high frequency switch conversion technology to convert the power net voltage into 13.8V standard DC power which is specially designed for minor household transceiver, can movable equipment and portable units. 8V is provided at the output end within the input range of DC 9V-36V. The product has the characteristics of small volume, light weight, high efficiency, no noise and no. We focus on great quality And provide the very best prices ! This product can convert the net voltage into 13. It makes the servo very responsive no matte. Had it on for about a month now works great smal.

220v to 13.8v voltage stabilizing inverter

Voltage Stabilizer for sale , eBay

Get the best deals on Voltage Stabilizer when you shop the largest online selection at eBay . Free shipping on many items , Browse your favorite brands , affordable prices.
