

Australian photovoltaic cabinet manufacturer 50kW

Overview

Our 50KW solar system solution is designed for the needs of Australian business owners: efficient, weather resistant, and capable of meeting your power demands on a daily basis. We pride ourselves in our strong reputation as the leading provider of commercial solar in Australia. If you're running a large warehouse, an office complex, or something else entirely a 50KW solar power system is big. Saltwater Solar provides complete off-grid power system cabinets containing batteries and all enabling equipment for continuous electricity supply to remote area homes, businesses and remote communities. Engineered for high-performance and long-term savings, this system can significantly reduce grid reliance and deliver a fast return on investment.
