

Automated financing of smart photovoltaic energy storage cabinet at drilling sites

Overview

The loan guarantee will finance the deployment of up to 1,000 solar photovoltaic (PV) systems and battery energy storage systems (BESS) located primarily at commercial and industrial facilities and integrated across up to 27 states. Discover proven funding models and industry insights to power your renewable energy storage projects. As part of the Biden-Harris Administration's Investing in America agenda, the U. Department of Energy (DOE) Loan Programs Office (LPO) today announced the closing of a \$289.7 million loan guarantee. With smart inverters, energy management software, and real-time monitoring, SCF ensures each system performs efficiently, delivering measurable cost savings and enhanced energy reliability.
