

Can locker keys be used interchangeably

Overview

Re-keying kits are available for most lock brands but they're not interchangeable. (If you're lucky, they'll all be the same brand!) Each kit will re-key six locks, but you can order extra pins if you need to do more. When you're replacing door locks, the manufacturer may offer customizable keying options that let you purchase locks keyed to operate with the same key or locks keyed to require separate keys. The ordering process may. If your facility currently uses key-based lockers, you may be wondering if it's possible to switch to a different locking system. In this guide. I have keys in hand, and the Copper Creek keys are the same style keyway as the Kwikset, so I'll rekey the front door first (Smart key) so they all match and then get a rekeying kit to manually rekey the others later so we hold the only keys. If the keyways are the same (i. This is an important security feature that prevents unauthorized access to your property or belongings.
