

# China Solar Photovoltaic Panel Cleaning

## Overview

---

We're professional photovoltaic panel cleaning manufacturers and suppliers in China, specialized in providing high quality customized service. Pollution, dust, leaves, and even bird droppings contribute to preventing sunlight from reaching the solar cells in your solar panels. While many factors affect how much electricity your solar panels will produce – dirty solar panels. Our innovative solar cleaning machine offers multiple advantages that help you maximize your investment and maintain optimal performance. Set world records of 27.08 % efficiency for HJT solar cells and 26. To create higher value for customers with “excellent performance, extremely frugal investment, extremely intelligent operation and maintenance, and extreme security”. The project is located in Hainan.
