

China all in one solar system in Bulgaria

LIQUID/AIR COOLING

PROTECTION IP54/IP55

PCS EMS

BATTERY /6000 CYCLES

Overview

Located in Apriltsi, near Pazardzhik, the project comprises over 834,000 photovoltaic modules with a total capacity of 400 MW. This solar park is set to be the largest in Eastern Europe and can power 96,000 homes. Bulgaria added 1,416 MW of solar last year, according to official data published on the ENTSO-E Transparency Platform. The acquisition grants UEG rights over sites between Simeonovgrad and Polyanovo. UEG Clean Energy, a subsidiary of China's United Energy Group, has. Chinese manufacturer JA Solar has signed an agreement with European EPC Solarpro to supply modules for a 240MW solar power plant in Tenevo village| Bulgaria. Image courtesy JA Solar Chinese manufacturer JA. With the government prioritizing solar energy for sustainable development, Bulgaria achieved the milestone of 1 GW of new built solar in 2023. The expansion isn't slowing down. Investors in large solar power plants in Bulgaria don't seem intimidated by zero and negative wholesale electricity prices eating away at.
