

Container emergency power generation equipment manufacturers

Overview

We use only the highest quality engines and alternators, including brands like Cummins, Scania, MTU, CAT, MWM, Ford Engine, Volvo, FPT, Yanmar and Kubota. At the beginning of the Tier 4 transition, our engineering team had the opportunity to work with different customers in different markets to design and develop a line of high-power Tier 4 Final containerized generators. Years of use in the rental, oil and gas, mining and other heavy-duty industries. Our container solutions enable the efficient enclosure of emergency power systems, combined heat and power (CHP) plants, and innovative PEM fuel cell systems. With state-of-the-art technology, robust construction, and fast installation, we ensure that you can always rely on a stable and dependable. That is why earlier this month, Cummins Power Generation expanded the release of their fully integrated containerized generator sets Centum™ Force, to serve 50Hz markets around the world. Leveraging the expertise acquired during several decades with more than 3,000 containerized units delivered, our genset containers offer optimal performance in various site conditions.
