

Container-sized generators

Overview

Container power generators are available with a rated capacity of 30 kVA to 3000 kVA. Years of use in the rental, oil and gas, mining and other heavy-duty industries have tested the reliability, usability and durability of our containerized generators. Our primary design challenges in developing this line of containerized generators were usability, reliability and functionality for. Jenbacher offers containerized generator sets based on our Type 2, 3, 4, and 6 gas engines. Originally launched for limited markets in 2021, the 40-ft containerized generator sets were engineered for. SEA BOX's selection of generator sets can be connected to one or several refrigerated containers to provide reliable power with the need to connect to a local power source. 5MW for Diesel, LPG, CHP, and NG Gas applications. If desired, particularly compact container units can be.

Container-sized generators

Containerized, stackable all-in-one generator sets provide turn-key

Originally launched for limited markets in 2021, the 40-ft containerized generator sets were engineered for easy transportation, simple installation and are stackable, offering up to 34% ...
