The company is totally unresponsive to phone calls and numerous. Hello I work for a local solar company here in Fresno, but some of our customers have ran into this company named Core. They have a list of all installs going on in the area and they swing by and say that they are your solar company here to install early, then sign you up with their own contract. Most electrical and electronic equipment is designed to operate from a power supply with a particular specification that usually defines the minimum and maximum limits for RMS (root mean-square) voltage and frequency. But the Jackery still outsells it. I have texted them for months with no resolution. Why Evaluation Standards Matter for Outdoor Battery Systems Outdoor power supplies have become essential for camping enthusiasts, disaster preparedness teams.
