Cost of US Server Rack IP65

Overview

Consider total cost of ownership beyond purchase price. Military racks typically last 7-10 years versus 3-5 years for commercial alternatives, spreading costs over longer periods. AZE's 27U IP65 waterproof Outdoor Server Cabinet are designed to protect your sensitive network equipment from harsh environments,with waterproof and dustproof features to safeguard it from the elements, while still keeping the equipment secure outside. Includes: locking door with gaskets and. Open and enclosed server rack and network rack solutions for a variety of environments including data centers, server rooms, network closets, offices, industrial, and specialty applications. Outdoor and exposed locations need minimum IP65 protection against dust and water.
