

Dakar energy storage fire equipment manufacturer

12.8V 200Ah

Overview

AceOn offer one of the worlds most energy dense battery energy storage system(BESS). Using new 314Ah LFP cells we are able to offer a high capacity energy storage system with 5016kWh of battery storage in standard 20ft container. Palladium Safety Solutions, a distinguished manufacturer of fire safety equipment, has established itself as a leader in the industry, renowned for providing exceptional services and achieving remarkable results. Committed to excellence, we continuously strive to elevate our fire safety services. We want to be the preferred energy solutions partner for all commercial and industrial customers. We have a relentless focus on adding value to our customers' businesses by understanding and meeting their needs. The International Renewable Energy Agency (IRENA) reports that mobile storage solutions can reduce diesel consumption by up to 70% in hybrid systems.
