

# Deespaek 12v 100ah battery review

## Overview

---

The DEESPAEK 12V 100Ah LiFePO4 battery combines safety, reliability, and versatility, making it an excellent choice for solar energy, RV, marine, and electric mobility applications. Its advanced BMS, lightweight design, and high cycle life deliver long-term value. Featured Products: (affiliate links) DeeSpaek 12V 100Ah. to/3HfpHbY Today's battery up for review is the 12V 100Ah LiFePO4 model from DeeSpaek. it went to float charge after 90 minutes on a lithium charger. all cells were pleasantly close in voltage thanks to the BMS system Helpful?

24 lbs and very clean. so the 4 battery i got and the 300 watt inverter i. ☐10 Years Life, Great Energy, Safe,Stable Performance, No Pollution☐DEESPAEK lifepo4 Battery 100ah 12v with 10 years life time,1280wh of power for fish finders, camping, solar systems, off-grid or home alarm systems and more. One of the standout features is its lightweight and portable design. I haven't capacity tested it yet but the packing job was the worst I'd seen for Lifepo4.
