Delivery time of mixed-type network cabinets for factory use

Overview

Short Lead Times – Customer-specified, factory-assembled solution reduces component count, packaging and on-site assembly, saving time and delivery cost. Flexibility – Easy attachment and positioning of accessories allow for faster deployment and maintenance. The DeltaVTM Configure-To-Order (CTO) Server and Network Cabinets provide an of-the-shelf solution for faster project execution and reduced installation costs. Moreover, it affects everything from how cool your equipment stays to how much money you spend on power bills each year. Therefore, understanding what makes a good network cabinet. The speed of technological change has created significant new challenges for the data center.

Delivery time of mixed-type network cabinets for factory use

Choosing the Right Network Cabinet

By using our pre-assembled network cabinets, they reduced installation time by 30% compared to competitors' products. Consequently, they completed projects faster and improved profit margins.
