

# Energy company uses outdoor cabinet for 80kWh

**Deye Official Store**

**10** years  
warranty

## Overview

---

A Caribbean resort chain reduced generator fuel costs by \$280,000 annually after installing EK SOLAR's modular cabinets with solar integration. Their secret sauce?

Three-phase thermal regulation that handles 95% humidity without breaking a sweat. Not all cabinets are created. Versatile configuration: use 30kW/80kWh as a basic build block to build up a larger system. Application: Commercial and industrial facility power back up such as office building, warehouse, company data room, doctor office, municipal building, school, gym, demand change mitigation, solar power. Our most compact solution, occupying a 7' x 5' x 8' footprint, is the easiest of our C and I battery energy storage systems to install and is well-suited for grid-tied or off-grid projects. These fully integrated, outdoor-rated systems are perfect for applications such as small commercial. Our Li-ion battery range includes cells, modules, indoor and outdoor cabinets, and containers, providing customers exceptional scalability and flexibility to meet diverse requirements. Introducing the GSL ENERGY 409-716V 200AH Solar ESS Lithium Iron Phosphate (LiFePO4) battery—a high-voltage. As a leading energy storage system supplier, Megarevo offers compact, integrated cabinet BESS designed for small C&I, hospitals, conferences, and weak power grid areas. It fire commercial and industrial energy storage, photovoltaic diesel storage, is suitable protection, for microgrid dynamic scenarios functions, photovoltaic storage and charging., which guarantees the user's system security, and can be used for peakshaving and valley filling, self-generation and.

## Energy company uses outdoor cabinet for 80kWh

---

### **GSL ENERGY 83kWh 100kWh 215kWh Outdoor Cabinet Energy ...**

It is suitable for microgrid scenarios such as small-scale commercial and industrial energy storage, photovoltaic diesel storage, and photovoltaic storage and charging.
