

Energy storage project successfully connected to the grid

Overview

KASHGAR, China, J/PRNewswire/ — On July 21, the 500,000-kilowatt independent energy storage project of Huadian, located in Akkash Township, Kashgar City, was successfully connected to the power grid for the first time. With a total capacity of 4 GWh, the project is fully equipped with Envision's AI-powered energy storage system. This. On September 30, the 49. has announced that its subsidiary's 200MW/800MWh grid-forming energy storage project in Awati County is now operational. Located in Dashitou Village, Mulei County, Changji, Xinjiang, the project.
