

European Outdoor Energy Storage Cabinet

Lithium battery parameters

Product capacity: 100Ah

Product size: 135*197*35mm

Product weight: 1.82kg **197mm**
7.7in

Product voltage: 3.2V

internal resistance: within 0.5

Overview

Keep insulated tools, PPE, and test instruments within a safe operating envelope. Our climate controlled storage cabinets deliver stable temperature and humidity, so rubber, polymer, and composite materials age slower, inspections pass more often, and field crews stay ready. From residential rooftops to industrial facilities, these robust systems bridge the gap between intermittent solar and wind power and consistent. The ESS-GRID Cabinet series are outdoor battery cabinets for small-scale commercial and industrial energy storage, with four different capacity options based on different cell compositions, 200kWh, 215kWh, 225kWh, 241kWh, etc. They are engineered to withstand challenging outdoor environments, ensuring the longevity and optimal performance of. Outdoor cabinet products use high-performance LFP cell, cycle life up to 8000 times. Products adopt an active balance solution, built-in cloud equipment, support remote maintenance and monitoring, and fully control the system status.

European Outdoor Energy Storage Cabinet

Outdoor cabinet
