

# Generator exhaust interface

## Overview

---

Choosing the right exhaust solution for a generator helps improve air quality, reduce noise, and protect the unit's components. Generator exhaust systems for years have been fabricated from sections of schedule 40 carbon steel pipe that are field welded, then insulated to reduce surface temperatures. Modular pre-engineered chimney systems that are factory-fabricated and UL listed have eliminated the need for field-welded. Check each product page for other buying options. 5"ID,Exhaust Adapter Total Length 4 "Stainless Steel Polished. Need help?

. At Specified. Works, we've been called to assist with dozens of installations where incomplete designs ran into real-world site constraints. Worse, non-compliance with EPA or NFPA codes. Airside Industries has served Pennsylvania & New Jersey for over 20 years with expert generator exhaust knowledge and service.
