

How many independent

Overview

Across recent datasets, the pool of U. voters who are “independent,” “unaffiliated,” or have no party preference is roughly in the low-to-mid 30-million range when measured by registration and represents a much larger share (around 40–45%) when measured by self-identified adults;. Across recent datasets, the pool of U. Whether you agree or disagree with the analysis below, these conversations matter for democracy. We don't take money from political groups - even a \$5 donation helps us keep it that way. How many independent voters are there, and how many. As of March 2024, a total of 30 of the 50 US states both enabled voters to indicate their party affiliation on their voter registration forms and also publicly reported the number of voters aligned with each party. The figure. Independents are a growing cohort of voters—according to Gallup, more Americans identify as independents (40%) than as Democrats (29%) or Republicans (30%).
