

How much does a 635w double glass module cost

LIQUID COOLING ENERGY STORAGE SYSTEM

EMS real-time monitoring

No container design
flexible site layout

Cycle Life
≥8000

Nominal Energy
200kwh

IP Grade
IP55

Overview

Compare prices for solar products with one click and save on every purchase. of P (max). The SP635M-78H module combines the S-TOPCo 2.0 technology with 182mm half-cut cells to ensure impressive efficiency levels (up to 22. The bifacial design of the SP635M-78H module enables the absorption of light from both the front and. The JA Solar JAM72D42-635/LB is an n-type bifacial glass-glass module delivering 635 W and 22. It offers up to the datasheet-stated bifacial gain (bifaciality 80 % \pm 10 %), high mechanical load ratings (front 5400 Pa / back 2400 Pa) and a 12-year product warranty with a 30-year. Industry-leading wattage maximizes energy per panel, cutting installation numbers and costs for large-scale solar farms or industrial rooftops. To achieve high utilization rate and efficiency, Matesolar divided the whole production chain into separate but closely united automated production sectors.

How much does a 635w double glass module cost

JA Solar 635W n-type Bifacial Double Glass High Efficiency Mono Module

The JA Solar N-type 635W bifacial double glass high efficiency JAM72D42-635/LB solar module comes with an extensive 30-year warranty, assuring you of its quality and reliability throughout its lifespan, giving you the ...
