

Huawei 15kWh energy storage battery

Overview

The Huawei LUNA2000-15-S0 is the largest configuration in the LUNA2000 modular battery family, offering a full 15 kWh of usable storage. Built around Huawei's robust LiFePO₄ chemistry and advanced pack-level energy optimization, it ensures maximum efficiency, long cycle life, and. With Huawei Smart String Energy Storage System, you can power your life by green power storage and be astonished by its admirable performance. No matter nights, rainy days or unexpected blackouts off the grid, the solar power is always at your request as a real bank. Engineered with advanced lithium-ion technology and intelligent management systems, these batteries deliver reliable, scalable, and efficient energy. The LUNA2000 15kWh battery consists of 3 5kWh battery modules and a BMS. Check the compatibility between the storage system and the Huawei inverter. Huawei BMS for Luna series battery.
