

# Huawei Communication Base Station Wind Power Factory

## Huawei Communication Base Station Wind Power Factory

---

### Huawei base station wind power supply technology

Considering that remote base stations must be highly-integrated, inexpensive, and modest, Huawei has developed its all-on-pole EasySite solution, which integrates the base station,

## A KIND OF BASE STATION WIND POWER SUPPLY SYSTEM

The power generated by solar energy is used by the DC load of the base station computer room, and the insufficient power is supplemented by energy storage devices.

## Huawei s reasons for building wind power for communication base stations

This study offers a comprehensive roadmap for low-carbon upgrades to China's base station infrastructure by integrating solar power, energy storage, and intelligent operation strategies.

## Digitalizing site power for green connectivity and computing

Thanks to the large power supply and backup capacity, the MEC solution enables site power sharing, backup power, and electric vehicle charging/power exchange for businesses and residents.
