

Huawei Vietnam original outdoor power supply brand

Overview

Huawei Outdoor Power Module including OPM15M OPM30M OPM40M OPM50M, wattage from 800W to 3000w, they are used for fiber equipment with excellent performance such as high power efficiency, intelligent battery management, remote management, wide range of AC input voltage, etc. The blade power supplies and lithium batteries are widely used in macro/micro sites. The system uses free cooling thanks to an original butterfly design and bionic root heat dissipation. The ultra-lean structure enables 1 blade per site while keeping reliability, helping cut TCO and carbon. Huawei's outdoor power supply systems are redefining off-grid energy management with smart technology and rugged durability. We have exported our products all over the world. We have a lot of stock. Solar has been a key pillar of the global energy transition and has become the preferred energy source due to the rapid advancements of high-tech solutions that have drastically improved its accessibility, adaptability, competitive pricing, sustainability, and productivity output.

Huawei Vietnam original outdoor power supply brand

Site Power Solutions & Facility , Huawei Digital Power

Huawei outdoor power solutions are designed for carrier ICT sites. The all-in-one system supports multiple input (grid/PV/genset) and output (12/24/48/57 V DC, 24/36/220 V AC) modes. One cabinet ...
