

Industrial Solar Power Engineering Team

Overview

Industrial Solar Consulting (ISC) is a dedicated team of engineers specializing in the unique challenges of designing, building and maintaining remote, off-grid solar and hybrid systems. ISC brings power to the most remote, hard-to-reach locations. KMB Design Group is at the forefront of the escalating solar industry, and is considered a leading consulting firm in the renewable energy field providing photovoltaic design and engineering services. We help clients meet challenges in planning and executing high-performance solar energy projects. From development and system design to construction and performance support, we collaborate and innovate to meet the. 2023 Minority Emerging Technology and Industries Firm of the Year, Arizona MBDA Certificate from Stanford University School of Business via the Stanford Latino Entrepreneur Initiative in conjunction with the Latino Business Action Network (SLEI+LBAN), Fernando Vigil Disadvantaged Business. Sol Rebel is an innovative renewable energy project design, engineering, and consulting firm based in the San Francisco Bay Area. We provide services to contractors, project owners, developers, and facility owners throughout North America.
