

# Irish battery energy storage production company

## Overview

---

Statkraft has announced that it is to build Ireland's first four-hour grid-scale battery energy storage system (BESS) in Co. We added a second battery on the same site in 2024 with an additional capacity of 150MW. The Kylemore Battery Energy Storage System in Dublin went into operation in. RWE Renewables' first European-based battery storage project is the 8.5 megawatt (MW) facility in Stephenstown in County Dublin. Eamon Ryan (centre) cuts the ribbon to inaugurate the 75MW/150MWh Poolbeg BESS, flanked by ESB's Jim Dollard (left) and Fluence's. The Gorman battery system, with an installed capacity of 50 MW, is our world's first commercial-scale battery system and the first in Ireland. ESB partnered with Fluence and Powercomm Group to deliver this project. Irish state-owned electricity company ESB has opened a 150MW/300MWh battery.
