

# Large-scale procurement contract for energy storage battery cabinets

## Overview

---

This article explores C&I battery storage wholesale, covering procurement models, supplier evaluation criteria, and long-term operational considerations. It also includes contracting strategies for OBO projects. China Power International Development Limited announced that its subsidiary, Xinyuan Smart Storage, signed a Battery Energy Storage System (BESS) procurement contract with Tuoli Company on 5 February 2026. Under the agreement, Xinyuan Smart Storage will serve as the supplier for the Tacheng. Commercial and industrial (C&I) energy storage projects are increasingly adopting battery systems at scale to optimize energy costs, enhance operational reliability, and integrate renewable resources. Bid on readily available Energy Storage contracts with the best and most comprehensive government procurement platform, since 2002. The first is the general contracting structure.
