

Lithium power station factory in dubai

Overview

The agreement was made during the Automechanika Dubai 2024 trade show. It will have the capacity to recycle 5,000 tons of battery waste per year. As Dubai accelerates its transition to sustainable energy, lithium battery storage stations are emerging as a cornerstone of the UAE's green vision. This article explores how these systems support renewable integration, stabilize grids, and drive economic growth—making them essential for businesses. Dubai-based supercap energy storage manufacturer Enercap Holdings and Abu Dhabi-based Apex Investment, a leading diversified investment holding company, have formed a joint venture to build 16GWh per year manufacturing capacity of supercap energy storage, a cutting-edge technology with features. Dubai's ambitious renewable energy goals are reshaping its industrial landscape, and lithium battery factories now play a pivotal role. Their expertise in graphene battery technology positions them as a key player in the. Robust Energy Solutions is a UAE-based manufacturer specializing in lithium-based energy storage systems. With certified production in Jebel Ali Free Zone, we design systems to deliver safe, efficient, and scalable energy—customized to the needs of industry and infrastructure.

Lithium-Ion Batteries in Dubai: Energizing the Future

Hespro takes pride in manufacturing high-quality lithium-ion batteries in Dubai that prioritize durability, longevity, and consistent performance. Our batteries are engineered to withstand ...

12.8V6Ah

- Nominal voltage (V):12.8
- Nominal capacity (Ah):6
- Rated energy (WH):76.8
- Maximum charging voltage (V):14.6
- Maximum charging current (A):6
- Floating charge voltage (V):13.6-13.8
- Maximum continuous discharge current (A):10
- Maximum peak discharge current @10 seconds (A):20
- Maximum load power (W):100
- Discharge cut-off voltage (V):10.8
- Charging temperature (°C):0-+50
- Discharge temperature (°C):-20-+60
- Working humidity: <95% R.H (non condensing)
- Number of cycles (25 °C, 0.5C, 100%doD): >2000
- Cell combination mode: 32700-4s1p
- Terminal specification: T2 (6.3mm)
- Protection grade: IP65
- Overall dimension (mm):90*70*107mm
- Reference weight (kg):0.7
- Certification: un38.3/msds
