

Mauritania Energy Storage Project

Overview

The World Bank Group today approved the Mauritania Development of Energy Resources and Mineral Sector Support Project—known as the DREAM Project—to boost green hydrogen development, expand energy storage, and support critical reforms in the mining sector. With the technical support from the Energy Sector Management Assistance Program (ESMAP) Energy Storage Program and the Korea-World Bank Partnership Facility (KWPF), as well as financial investment support from the World Bank (IDA), the Mauritanian National Power Utility - SOMELEC - is issuing a. The DREAM Project aligns with Mauritania's Mission 300 Energy Compact, which targets universal electricity access by 2030. Part of the initiative is the construction of Mauritania's first utility-scale battery energy storage system. 5 million, the project is set to enhance the country's energy infrastructure by developing electricity storage systems. Mauritania is stepping into a brighter future with its recent 0 million Power Purchase Agreement (PPA) with Ewa Green Energy.

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

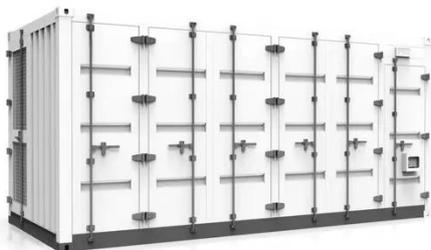

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled
