

Morocco base station power cabinet manufacturer

Overview

HLC Sheet Metal Factory – Custom sheet metal fabrication and CNC manufacturing. We offer a diverse range of fabrication capabilities consisting of shearing, turret punching, laser cutting, contouring, forming, welding, bending, notching, and much more. With 22 years of experience in sheet metal processing, we provide customers with customized processing solutions. A large production base of over 15000 square meters, a comprehensive quality control system, and continuous improvement to ensure timely delivery. We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM. Equipped with state-of-the-art equipment, we specialize in the design and manufacture of customized LV fixed or plug-in switchboards, perfectly tailored to your requirements. Please explore our website for more information or call us for more details. We study the behavior of LV & MV Electrical. These poles provide essential support for cabinets that house critical utility equipment such as electrical transformers, distribution boxes, and telecommunication systems.
