

# New Energy Storage System Company

## Overview

---

UK Energy Storage plans to develop this hydrogen storage solution in three areas of the UK - Dorset, East Yorkshire and Cheshire - with the goal of delivering its first project by 2030. Swiss company Energy Vault is an active developer of gravitational energy storage. Recurrent Energy, a subsidiary of Canadian Solar Inc. It is a leading global developer, owner and. The International Energy Agency (IEA) says batteries will make up 90% of the sixfold increase in global energy storage capacity through 2030, while 1,500GW is estimated to be available by the end of the decade.

## New Energy Storage System Company
