New energy battery cabinet water cooling brand

- LiFePO$_4$ Battery, safety
- Wide temperature: -20~55℃
- Modular design, easy to expand
- Wall-Mounted&Floor-Mounted
- Intelligent BMS
- Cycle Life:≥6000
- Warranty:10 years

Overview

The Wattainer Liquid-Cooled Series features high-performance, liquid-cooled batteries housed in modular cabinets. This advanced liquid-cooling thermal management system results in better battery stability and health, higher storage densities and voltages. Featuring a high-efficiency liquid cooling system, it ensures superior thermal balance, longer battery life, and stable performance under various environmental. As the world's leading battery technology company, CATL's outdoor liquid cooling cabinet, EnerOne, represents the latest technological progress in the field of battery energy storage systems and plays an important role in modern energy systems. Featuring superior cooling efficiency for extended 10-year lifespan, it enables critical equipment UPS protection and significant bill reduction through intelligent load shifting. Besides, eFlex delivers unmatched flexibility with Its modular design supporting parallel connection of 6-8 cabinets (maximum capacity of 6,688 kWh) and.

New energy battery cabinet water cooling brand

373kWh Liquid Cooled Energy Storage System

Utilizing Tier 1 LFP battery cells, each battery cabinet is designed for an install friendly plug-and-play commissioning with easier maintenance capabilities. Each outdoor cabinet is IP56 constructed in a ...
