New infrastructure construction of Thimphu communication photovoltaic base station

Overview

Telecommunications Consultants India (TCIL) has invited expressions of interest to select a consortium partner to implement a 120 MW ground-mounted solar project. The project will be developed in Jamjee under Mewang Gewog in Thimphu, Bhutan, as a part of Druk Green Power Corporation. The cabinet accepts direct PV input via MPPT controllers, storing excess solar energy for later use. The EMS prioritizes "solar-first" logic, ensuring that daytime solar generation supports the base station Summary: The Thimphu Energy Storage Power Station, a pioneering project in Bhutan. Druk Green Power Corporation Limited (DGPC) marked a key milestone in its clean energy transition with the signing of a Contract Agreement on Ap, with a Joint Venture of Telecommunications Consultants India Limited, Smart Roof Solar Solution Pvt., and Enerture Technologies Pvt. Bids. To future-proof the city, the Royal Commission for Urban Development (RCUD) and Ministry of Infrastructure and Transport (MoIT) appointed Arup with urban designers, Prior + Partners, and economic development advisors, Gerald Eve, to update Thimphu's masterplan. This initiative is part of Bhutan's efforts to expand its renewable energy capacity and contribute to regional clean energy goals. It is located at Maedwang gewog, South Thimphu.
