

New photovoltaic panel lift

Overview

Platform hoists are the safest and fastest way to lift solar panels to rooftops without risking injury or product damage. GEDA USA's is a leading solar panel lift distributor offering original Solarlift, also called a panel lift or PV panel lift, is an economical solution for the speedy and safe transport of photovoltaic and solar panels. Specially designed with a custom carrier that functions as a cargo receptacle. The Fluke Module Lift™ is designed to safely and quickly transport a PV module to a roof, streamlining the installation process of solar panels. The device uses your existing fiberglass Werner or Louisville extension ladder. A pulley system is attached to the top of the ladder.

New photovoltaic panel lift

Module Lift: Premier Solar Panel Lifter

The Solmetric Module Lift is designed to safely and quickly transport a PV module to a roof. The device uses your existing fiberglass Werner or Louisville extension ladder.
