

North korean outdoor telecom cabinets with ultra-large capacity used in ports

Overview

Explore our range of outdoor telecom cabinets engineered for reliable field deployment. Designed to protect sensitive electronic equipment from harsh weather, dust, and vandalism, our cabinets offer excellent thermal management, high structural integrity, and flexible customization options. Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies. These cabinets are designed to house critical telecom equipment such as routers, switches, and fiber optic cables, ensuring protection against environmental factors like rain, dust, and temperature fluctuations. Efficient outdoor. KDM's outdoor telecom enclosures are weatherproof, rainproof, waterproof, sun-proof, and dustproof cabinets with IP ratings of IP55 up to IP67 ratings and NEMA standards of 3R up to 6.
