## Overview

---

The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery bank, and a generator — all custom-sized to meet the specific needs of the customer. With integrated. Off-grid solar storage systems are leading this shift, delivering reliable and clean power to locations worldwide. Unlike standard solar panel containers, LZY's mobile unit features a retractable solar panel unit for quick installation.
