

Plastic board manufacturers for photovoltaic slicing

Overview

Here's a table with well-known brands associated with each type of plastic film used in the photovoltaic industry. Some films have specific brand names under which they are marketed, while others are produced by a range of manufacturers globally. Excellent adhesion, transparency, and UV resistance. PLASKOLITE is a global leader in manufacturing of engineering thermoplastics, including; Acrylic, Polycarbonate, ABS and PETG Sheet, Lighting Profiles and PMMA Polymers. Founded in 1950, by Donald Dunn and family, PLASKOLITE has a reputation for providing the highest quality products in the. The main acrylic sheet supplied include cast acrylic sheet, extrude acrylic sheet, clear acrylic sheet, color acrylic sheet, iridescent acrylic sheets. CVT Plastic as a professional manufacturer for more than 10 years in China, we focus on Acrylic sheet, PVC foam board, development and sales, Our. Acme Plastics offers cut-to-size option for acrylic, PETG, polycarbonate, expanded PVC foam board, high impact styrene and HDPE cutting board sheets. Choose the exact size you need to complete your project without waste. Established in 1984, and fulfilling orders through our 23 Locations in the USA, Singapore, Taiwan & Malaysia, we stock the widest range of Engineering Plastics. QUANTUM is a China-based global supplier of PVB, PDLC, TPU, EVA and other functional plastic thin films. With its strength in supply chain, Quantum provides high value-added materials, with the target to.

Plastic board manufacturers for photovoltaic slicing

9mm PVC Forex Foam Board

CVT PVC foam board is a durable, closed cell, free foam PVC board material, which can be easily sawed, die-cut, drilled, or bounded to meet the needs of various applications.
