

# Power your home with batteries

## Overview

---

We tested and researched the best home battery and backup systems from brands like EcoFlow and Tesla to help you find the right fit to keep you safe during outages or reduce your reliance on grid energy. These robust Powerwall is a compact home battery that stores energy generated by solar or from the grid. It offers three ways to keep your home powered during an outage. Ajay has worked in tech journalism for over a decade as a reporter, analyst, product reviewer, and editor.
