Purchase of scrapped solar panels

Overview

Browse surplus, salvage, and discounted options from insurance sales, bankruptcy assets, auctions, and wholesalers. Find high-quality solar energy at competitive prices for your projects. Solar Asset Recovery is the secondary market for excess new and used solar panels, inverters, battery backup storage and other hardware. Ask any PV professional, and they will assure you that it is not their intention to contribute to e-waste. PV modules make. Salvex is a prominent global e-commerce platform specializing in the sale of surplus commercial assets. With relabeling, a digital twin, and a legal liability release, you can sell your solar panels without risk—fully documented. Scrap PVs are broken panels that were cut off during the installation process due to customer requests or site conditions but still produce usable electricity. Many PV panels often break because of the intense pressure from the extreme heat, strong winds, heavy snowfall, or rolling around on the.
