

Quotation for Grid-Connected Communication Cabinets for Substations in the Middle East

Overview

This document covers communication systems for the purpose of SCADA, protection, corporate voice/data, security surveillance and the evolving smart grid within transmission, switching and zone substations operated by Endeavour Energy. It applies to greenfield sites and remote management of Arctic gateways, controllers and the remote I/O unit RIO600. Arctic Patrol allows simultaneous updating of both the configuration and the firmware of up to 1,000 devices, power quality analysis in medium-voltage secondary distribution systems. REC615 and RER615 can be. With over 20 million enclosures deployed and more than 50 years of innovation, Charles is the communications industry's go-to source for enclosed solutions. Combining a consultative approach and engaged support, we guide you through protecting your critical network infrastructure. Both our packet based and legacy time division multiplexing (TDM) designs allow power utilities to deliver power safely, reliably, and cost-effectively. Over five decades, ZIV has been granted with the confidence of many power utilities that strongly value state of the art devices, backed by 100% in-house development of PLC and teleprotection technology, including the QAM TCM and OFDM modulations; and the vast expertise of ZIV.

Quotation for Grid-Connected Communication Cabinets for Substation

Modular Substation & eHouse Manufacturer , MFC Concepts

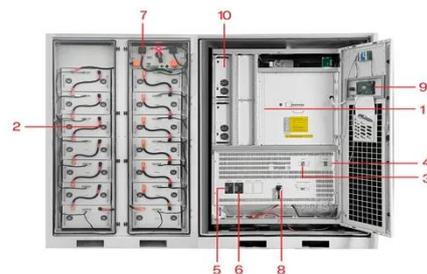

Middle East's no.1 and most trusted modular substation manufacturer with more than two decades of experience and 200+ substations delivered.
