

Ridgeblade home wind turbine

Ridgeblade home wind turbine

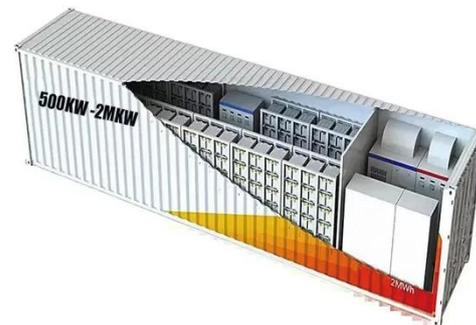

Ridge Blade wind turbines

Power generated is based on area swept by the blades. That setup (and a lot of other DRAG wind setups) don't work worth a crap. They don't sweep a lot of area and drag devices ...

What I learned when I tried installing a wind turbine on my house

I've been rooting for Ridgeblade to succeed for a while now. Their system mounts squirrel cage fans along the ridge line, where they harvest the wind forced up and over roofs.
