

Russian energy storage charging pile equipment brand

Overview

In 2021, MKC Group of Companies signed an agreement on the exclusive distribution of products in Russia and MENA (the Middle East and North Africa region) for the preparation of energy storage implementation projects with an engineering company which team for more than 5 years has. In 2021, MKC Group of Companies signed an agreement on the exclusive distribution of products in Russia and MENA (the Middle East and North Africa region) for the preparation of energy storage implementation projects with an engineering company which team for more than 5 years has. We created our own software and hardware complex for manufacturing of EVSE from 22 kW till 360 kW. Our software interacts with main platforms in Russia which supports OCPP 2.1 protocol and provides the ability to communicate through API with other systems of various types and complexity levels. MKC Group of Companies is an official partner in energy storage devices built on CATL battery systems — a world leader in the production of lithium energy sources for electric transport and energy. The Report competitors are present. At the same time, data for the year 2023 will be an estimated one while the forecasted. The rise of electric vehicles brings a significant demand for high-quality, efficient EV chargers. The best EV charger manufacturers in Russia, such as Rosseti, HEVEL Solar, and Enel X, are leading the charge (pun intended) with innovative solutions that cater to the diverse needs of EV users. Why. Huijue Group's energy storage solutions (30 kWh to 30 MWh) cover cost management, backup power, and microgrids.
