

Sample Solar Rack Packing List

Overview

This manual provides comprehensive guidelines for the safe and efficient Unloading and storage of solar photovoltaic (PV) modules manufactured and supplied by JAKSON Engineers Limited. In the process of loading and unloading, the forklift. Always insert the fork from the short side of the pallet, as long as it is safe to do so. Use forklifts with a backrest greater than 48 inches. Prior to. Imagine receiving a \$50,000 photovoltaic bracket shipment only to find bent rails and missing connectors – that's solar installer's nightmare fuel. This will prevent modules from collecting water and cause issues with transport & recycling. These intricate devices, composed of solar cells that convert sunlight into electricity, require careful handling and transportation to maintain their optimal.
