

Skyworth installs photovoltaic panels for free

Overview

According to Skyworth's latest partnership agreements (Q1 2025), replacements might be covered under these conditions: Key Insight: The “free” replacement only applies if you maintain their 25-year lease agreement. Early termination voids warranty coverage. Save more every month with Skyworth home solar Seamless rooftop solar installation, hassle-free Reduce grid reliance with optimized self-use Track solar performance anytime, anywhere Skyworth delivers high-efficiency solar panels, robust mounting systems, and trusted PV inverters—backed by local. As solar energy adoption surges globally, Skyworth's “free installation” model has become both popular and controversial. While this might sound enticing, there is a lot more to consider before signing a lease. The Department of Energy is aware of claims of offers for free solar panels or that solar companies must provide solar panels for free if requested. NOTE: The federal solar investment tax credit (ITC) now ends Dec. 31, 2025, much sooner than planned. In August of 2022, the United States Congress extended the ITC while at the same time raising the total.
