

# Solar container low voltage DC uninterruptible power supply module

## Overview

---

Our AC/DC Outdoor UPS™ back-up systems provide a complete, uninterruptible power supply that integrates quickly with batteries, loads, and monitors. AC systems are available in 120 VAC configurations. The SDU DC UPS is a powerful, microprocessor controlled UPS that provides protection from power. Weatherproof UPS backup systems for emergency backup power. Switch off/circuit breaker (optional), three-level. Power protection and management solutions from home to data center to industrial environments. 3 Phase UPS power protection, solving today's energy challenges while setting the standard for quality and innovation with fully integrated solutions for enterprise-wide networks, data centers. Efficient, compact and reliable DC-UPS from PULS ensure highest system availability. The DC-UPS with integrated electrochemical double layer capacitors are fully maintenance free and guarantee an.
