

Solar container system model CdK

Overview

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no shading from a remaining container structure. We are a professional manufacturer of integrated solar container systems. SolaraBox solar containers enable customers to achieve greater energy independence and reduce carbon emissions. By delivering clean, accessible electricity, we support sustainable communities and contribute to a healthier. We make mobile solar containers easy to transport, install and use. The most cost-effective off/grid power solutions for your remote projects.
