

Solar photovoltaic power generation contract signing

Overview

To effectively sign a contract for solar energy installation, it's important to understand 1. the legal obligations involved in signing, 3. the long-term benefits of. r house and you sign a contract to use the system. Contracts often las 20 years or more. You don't buy the system or own anything installed on your property ing the term of the contract, you're entitled to use all the ower the system produces. As the cost of solar energy comes down, more Americans are installing solar. A Solar Power Purchase Agreement (SPPA) is a financial arrangement in which a third-party developer owns, operates, and maintains the photovoltaic (PV) system, and a host customer agrees to site the system on its property and purchases the system's electric output from the solar services provider. Yet, a home solar contract has terms and details you should understand before signing a major, long-term investment.
