

# Solar pipe pile support

## Solar pipe pile support

---

### Construction plan for photovoltaic panel steel pipe piles

This study investigates the horizontal load-bearing properties of steel pipe piles used in offshore photovoltaic systems by conducting field tests with single-pile horizontal static loads and

### Prefabricated pipe pile photovoltaic support installation diagram

In this project, with the maximum excavation depth of 11.8 m, retaining structures of steel pipe sheet piles (SPSPs) with steel supports are applied, of which the longest piles are 24 m.

2MW / 5MWh
