Clean Energy Bright Futures Videos: CE has several on-demand learning resources to help educators and parents keep their young innovators engaged during stay-at-home orders and school closures due to COVID19. Subscribe to their YouTube channel and learn how to integrate energy into your K-12. The Solar Energy Demonstrator Trainer is a teaching aid that can be used to teach the fundamental concept of solar energy electrical generation. The trainer demonstrates the possibilities and energy advantages offered by a direct utilization of solar energy. It radiates more energy in one second than the world has used since time began.
